CERTIFICATION

This is to certify that the Socio-Economic Profile Survey conducted in 2023, with the assistance of the Research and Planning Office of the University of the Assumption, has significantly contributed to the planning and governance initiatives of the City of San Fernando.

The data and insights gathered from this survey have provided valuable information regarding the socio-economic conditions, needs, and priorities of the city's residents. This information has been instrumental in the formulation of evidence-based policies, programs, and projects aimed at improving the quality of life for all Fernandinos.

Specifically, the survey findings have been utilized in the following areas:

- **Urban Planning:** Providing data for land use, infrastructure development, and housing strategies.
- **Social Welfare:** Identifying vulnerable populations and informing targeted social programs.
- **Economic Development:** Supporting initiatives to promote local businesses and employment opportunities.
- **Resource Allocation:** Guiding the efficient and effective allocation of public funds to address critical needs.

The City Government of San Fernando acknowledges the invaluable contribution of the University of the Assumption's Research and Planning Office in this endeavor. The survey has proven to be a vital tool in ensuring that our planning and governance efforts are responsive, inclusive, and sustainable.

Issued this 16th day of December 2025 in the City of San Fernando, Pampanga, Philippines.
